
Multimedia education program

The Neurological Clinic of the First and 2nd Medical Faculty of Charles University, the Neurological Clinic of the Medical Faculty of the Masaryk University in Brno and the Neurological Clinic of the Medical Faculty of the Palacký University in Olomouc are involved in the development of the multimedia webbook.

The statutes of the Introduction to Neurology are freely available. General and special neurology are available to students of the above mentioned faculties. Access requires authentication with a valid university account.

The basic offer of study topics on this page refers to documents placed on the e-learning server of the 1st Faculty of Medicine of the Charles University.

The textbook is only available in the Czech language.
